

FEBRUARY 2015 ISSUE 2

—[APGRAPHICS, FRANCE]—

A solid partnership for over 7 years, Tectonic International are proud to have APGraphics as it's French representative.

Based in Paris, France, "APGRAPHICS is a recognized company in the distribution of print materials for films, labels and cardboard, printing devices, and finish.

The exclusive partnerships with the most innovative manufacturers, particularly Tectonic International, in this sector make a APGRAPHICS major player in this market.

A perfect knowledge of the materials we distribute, associated with a thorough analysis of your needs, will lead us to propose the most efficient and reliable, source of productivity and therefore profits.

Moreover, after your acquisition, we will provide you, during and after the warranty, monitoring, maintenance and spare parts, knowing at all times to offer you the best solutions. "

Together with APGraphics, Tectonic International offer our French clients unparalleled and guaranteed first class care and service.

The above photograph is of a recent factory acceptance test—APGraphics' Pierre Fraenkel with Denis Weymann, COE at GRAI ETIQUETTES in Colmar who was very happy with his recently installed Flexico V5 Plate Mounting machines manufactured to suit his new and installed presses.

Dear Reader...

Welcome back to the second 'Tec'Times', we do hope you enjoyed our first edition last month—thank you for all of your positive feedback! It's been an exciting month here at Tectonic HQ as we near the launch of our PANTHER Digital Print Inspection system. Have a look at our pre-release information overleaf and get in touch for more information. We can't wait to show you the full system next month! Until then, have a great March!

THE TECTONIC TEAM

TECTONIC INT. PROUD TO PARTNER WITH EDAL FOR INSTALLATION IN MALAWI BASED FLEXIBLE PACKAGING INDUSTRIES.

"We are delighted to be in partnership with Tectonic International and working together on improving Plate Mounting for our customers. We look forward to continuing our growth and responding positively to customers needs."

- Darron Shimmons, Technical Print Manager, Edale Ltd.

NEXT MONTH MEET OUR AUSTRALIAN AGENT: JET TECHNOLOGIES

COMING SOON!

—[PANTHER DIGITAL]—

PRINT INSPECTION SYSTEM

—[THE NEXT GENERATION IN PRINT INSPECTION IS ALMOST HERE]—

TECTONIC INTERNATIONAL ARE PLEASED TO ANNOUNCE THE UPCOMING RELEASE OF OUR PANTHER DIGITAL INSPECTION SYSTEM.

DUBBED BY INDUSTRY INSIDERS AS THE "NEXT GENERATION" OF PRINT INSPECTION SYSTEMS, THE PANTHER IS SET TO REDEFINE WHAT THE PRINTER NEEDS.

WITH A RANGE OF GIGE COLOUR AREA SCAN CAMERAS, A 22" TOUCH SCREEN MONITOR AS STANDARD AND EASY TO USE INTUITIVE TOUCH-SCREEN CONTROLS, OUR PANTHER DIGITAL IS A FLEXIBLE SYSTEM THAT WILL APPEAL TO ALL MARKET SECTORS— PROOF THAT NO MATTER WHAT SIZE YOUR BUDGET, YOU CAN HAVE THE BEST SYSTEM AROUND. AS STANDARD, YOU CAN ALSO REAP THE BENEFITS OF COLOUR MONITORING, EXPERIENCE THE MOST CRISP, CLEAR IMAGE AVAILABLE ON THE MARKET AND UTILISE OUR MULTIWAY LIKE FOR LIKE SPLIT SCREEN.

OTHER AVAILABLE OPTIONS FOR OUR MOTORISED CAMERA SYSTEM INCLUDES CONSTANT SCAN, PROGRAMMABLE POSITIONING, USER DEFINED WEB WIDTH WHICH DISPLAYS YOUR XY POSITION ON THE WEB AND MULTICOLOUR MONITORING TOOLS TO MENTION BUT A FEW.

YOU CAN BE ASSURED OF A FUTURE-PROOF, TECHNOLOGICALLY-ADVANCED AND INDUSTRY RELATED DESIGN TO ENHANCE LONGEVITY WITHIN YOUR PRINTING ENVIRONMENT.

TECTONIC HAS WORKED CLOSELY WITH EXPERTS AND INDUSTRY PROFESSIONALS TO CREATE A SYSTEM THAT IS EXACTLY IN TUNE WITH THE PRINTERS REQUIREMENTS. WE WILL CONFIGURE A BESPOKE PANTHER DIGITAL PRINT INSPECTION SYSTEM THAT CATERES TO ALL OF YOUR NEEDS.
